Vesta

A Masterpiece of Modern Fireplace Design - The Vesta by Paul Agnew Designs is more than a fireplace – it's a statement of style and innovation. Suspended in elegance, this ceiling-hung electric fire reimagines the boundaries of contemporary design, offering a floating presence that transforms any space into a gallery of luxury.

Unrivaled Aesthetic Appeal - The Vesta's dramatic pendant design makes a bold statement in open-plan spaces. With its panoramic open-front view, it showcases lifelike oak logs and a captivating flame effect for an immersive, artful fireside experience.

Dynamic Visuals, Tailored Ambiance - Vesta's advanced LCD technology offers five flame colors and customizable fuel bed lighting to suit any mood. Realistic oak logs are highlighted by elegant downlighting, while interior mood lighting features 12 color options or a dynamic spectrum mode for a seamless, immersive glow.

360° Viewing Flexibility - Designed for versatility, the Vesta allows you to enjoy its captivating visuals from any angle in the room. With a 340° rotation, you can adjust the viewing aspect to suit your space, ensuring the fire becomes a focal point wherever it's placed.

The Pinnacle of Design and Functionality - The Vesta is where artistry meets innovation, offering a fireside experience that is as functional as it is breathtaking. Elevate your home with this designer masterpiece – a celebration of modern luxury and timeless elegance.
