Vue bay

Exclusively brought to Living Fire by Paul Agnew Designs.

This Vue Bay gas fire design is composed of three pieces of glass, creating a bay-style look, which enables exceptional vision of the beautiful flame pattern to be experienced and utilised within a space without interference.

Its seamless finish and clean line design allow for a contemporary installation and focus on both aesthetic and functionality.

With double-glazed glass features on every model and the latest in balanced flue technology, this product is the perfect addition to a multitude of design environments
