ilektro elite features

▸ Exciting hyper realistic flame pattern with five colour options. Each colour setting allows for five different levels of brightness and three different levels of flame height.

▸ Realistic flickering fuel bed with twelve colour options, six levels of brightness and the ability to turn off completely.

▸ Glowing LED logs with three different colour options and three levels of brightness, allowing for complete customisation of your fireplace.

▸ Tailor your down light with ten colour options, making the fireplace the highlight of your room. Five brightness levels for complete customisation.

▸ Preset setting - customise your own fireplace visual or take your pick from any one of two preset options to match your mood - all easily set using your remote control.

▸ Extend the atmosphere beyond the fire and into the room using our media wall ambient light kit, allowing you add LED lighting to the environment, making it the perfect addition to fire suites and media walls. Controlled from the ilektro app.

▸ ilektro Elite - the worlds first of its kind - offers up to 6kW of power, pairing advanced technology with striking design for exceptional home heating. All products can be used with a standard powerpoint (240v socket) which will give you 2kW of heating or can be transformed into a real heat emitting fireplace depending on size up to 6kW.

▸ The 1250 models offer heat outputs of up to 4kW, while the 1650 to 2200 models deliver up to 6kW for larger spaces and higher heating demands.

▸ Heat-off setting - designed with the sole purpose of providing a stunning visual flame feature. Optional fan only setting blowing redistrubing room for the warmer seasons.

▸ Highly efficient heat control via a 7 day programmable timer and an electric thermostat, all incorporated into the stylish remote-control handset.

▸ Crackling sound effects - enjoy a more complete sensory experience with the sound of natural wood fire with four levels of sound setting.

▸ App controled with voice commands with Amazon Alexa and Google Assistant available.

▸ Featured finish - fireplace supplied with 30mm surround trim for glass fronted option.
